

## GEN. BINGHAM FINDS MERIT IN PATROL PLAN

Is Studying Evening World's System and May Use It in Part.

WOULDN'T DO IN BRONX

Rank and File Approve of Scheme, and It May Yet Be Adopted.

The new patrol system for the Police Department suggested in The Evening World yesterday is engaging the serious consideration of Commissioner Bingham. Much of his time was given yesterday to a study of the proposed plan, and in the very near future there will be a consultation with other officials of the department as to the feasibility of the scheme.

"I have already taken up the subject," the Commissioner said, "and I don't propose to let go of it until it has been carefully threshed out. My interest primarily is to protect the lives and property of the citizens. Any suggestions that will help along these lines will be gladly welcomed. For that reason I am grateful to The Evening World for what it has outlined, even though it may not be found practicable. The whole subject will have to be gotten over thoroughly before conditions can be changed. What might be true of one particular precinct might not at all apply to others. Outlying sections, for example, like portions of Brooklyn, the Bronx, Staten Island or Queens, where men are badly needed, could not be placed in the same category as Manhattan.

Plan Has Merits, He Says.

"I think there is merit in the plan, and whatever there is that we can use will be used. Besides guarding the city, I would like to give the men of the force all that I think is in their power. There are lots of good men in uniform."

Before the Commissioner finally makes up his mind on the subject he will talk with his inspectors, particularly Chief Inspector Moses Conrath, in whom he has absolute confidence. "I do not want to go down until I have the Commissioner's permission to talk," one of the inspectors said yesterday, "but that system of patrolling undoubtedly would be successful if every patrolman patrolled honestly."

A Possible Fault.

"One advantage of the straight post, and the greatest one, is that if a sergeant does not like the man on a straight post he knows that the officer is leaving it."

On The Evening World plan, as I see it, of course I may be wrong—a sergeant might make a complaint against a man for not being on post, but he could never prove that the man was not on duty, as he could easily see he was covering one of the streets.

Like every other system, it would be all right if the man on post always patrolled. It may be adopted at that. The rank and file of the department found little else to talk about yesterday. The system as proposed is favored by nearly every member of the uniformed force.

## ATTACH PROPERTY OF A COUNTESS

Sheriff Levies on Goods in Warehouse Belonging to Njedda Ourossoff.

Deputy Sheriff O'Rourke received yesterday an attachment for \$225 against property of Njedda Ourossoff, otherwise known as Countess of Ourossoff, of No. 168 Madison avenue, in favor of George C. Flint & Co., balance alleged to be due for furniture, tapestries, rugs, etc., sold to her between Sept. 1, 1906, and Jan. 31, 1907. The attachment was granted by Justice Newburger of the Supreme Court, on the ground that the defendant is a resident of Russia. Deputy Sheriff O'Rourke levied against property in storage at Morgan & Bros' warehouse, No. 25 West Forty-seventh street.

ALBERT KELLEY DEAD.

Albert Kelley, for many years prominent in New York City's banking and brokerage circles and founder of the firm of Kelley, Miller & Co., died suddenly last evening of heart failure in his home, No. 10 West Fifty-first street. He was seventy-two years old.

## ELEVEN LIVES LOST IN STORM OFF THE COAST

Two Women Among Those on Barges Believed to Have Been Sunk.

Reports to-day indicate that eleven persons, two of them women, were drowned off the coast of New Jersey in the storm of Friday and Saturday. A suggestion of rare heroism is contained in one of the tragedies.

Capt. Henry W. Yeag, of the tugboat M. E. Scully, reports at Providence that a coal barge he had in tow, the White Bird, broke adrift off Cape May on Friday night. Later he learned that the barge had sunk ten miles off the coast, and her crew of six persons is believed to have drowned. The six are Capt. Albert Garcia, Thomas Gormey, Thomas Tuilly, of Newport News, and William Smith, of Providence, and two women. The tug Scully was bound for Providence from Newport News with the barges New Jersey and White Bird, both coal-laden. During the night Capt. Yeag felt the hawser part, and an examination showed that it had been cut. It is believed that the crew of the barge, realizing they were sinking, cut free of the tug to prevent her from being dragged to the bottom when the barge sank.

The New Jersey dropped the tug, put over anchors and rode out the storm. The coal barge Greenleaf, bound from Norfolk for New Bedford, broke adrift from a tugboat Friday morning off Barnegat and it is believed her crew of five men perished. Their names are not known.

## TO GIVE EAST SIDE A HIGH SCHOOL SITE

McCall's Bill Authorizes Transfer of Plot Acquired for City Lighting Plant.

Senator John T. McCall, of the Sixteenth District, introduced in the State Senate last night a bill to remedy a long standing injustice to the upper east side. It empowers the Board of Estimate and Apportionment to transfer to the Board of Education for high school purposes a plot of land owned by the city, between Ninetieth and Ninety-first streets and First avenue and East River.

This land was acquired by the city for the purpose of establishing a municipal lighting plant, and has been idle for nearly three years. Inasmuch as there is no high school on the east side between Twenty-third street and the Harlem River, the people of that section believe that the land should be put to practical use in that direction without delay.

The west side has the De Witt Clinton High School for boys, at Tenth

## Yes, We Recommend RIKER Remedies, and Also RIKER Toilet Preparations

WHY?

BECAUSE—They conform to the requirements of the Pure Food Law.

BECAUSE—We know they are made of the best materials obtainable.

BECAUSE—They have been weighed in the balance and found not wanting.

BECAUSE—They have stood the test of time.

BECAUSE—Our thousands of customers endorse them.

BECAUSE—We know they are prepared with skill and accuracy.

BECAUSE—They come direct from our laboratory to our store.

BECAUSE—They are the very best that money and skill and brains can supply.

BECAUSE—Our customers are satisfied only when they get the best.

We are justly proud of RIKER made goods, and our confidence is illustrated in no more substantial way than by the following statement—Try any RIKER preparation at our expense. That is, if it does not do all we claim, send back the empty package and get your money.

At the heart of the new shopping district, at 15-15 West 34th St., is RIKER's elegant new Drug Store—the finest in the world. Here the RIKER high quality and RIKER low prices rule, as in all other RIKER drug stores.

### RIKER'S EXPECTORANT

has for three score years been saving people's lives all over the United States. It is one of the few survivors of the old-time harmless and effectual cough remedies. Guaranteed satisfactory or money refunded. Made in our own laboratory and sold to you at ONE PROFIT ONLY. 25c, and 60c.

### RIKER'S SEPTONE

A hair food and dressing without an equal. Stops and prevents dandruff and diseases of the scalp. 25c, 75c.

### RIKER'S SAL-METHCOL

A safe relief for Rheumatism. A remedy which does not hurt the stomach. Put up in the convenient and desirable form of globules. \$1.00 per bottle.

## S.S.S. RIDES THE SYSTEM OF CATARRH

Even in its early stages Catarrh is a most distressing ailment, caused by the stuffy feeling in the head, ringing noises in the ears, watery eyes, difficult breathing, continual "hawking and spitting," etc., but when the blood becomes thoroughly saturated with the impurities which produce the disease it becomes a serious and often dangerous disorder. Then the bronchial tubes are attacked, the bladder and kidneys diseased, and often the lungs become affected by the constant passage of impure blood through them and Catarrh terminates in Consumption. The impurities and poisons in the blood which produce Catarrh can never be removed through the use of sprays, inhalations, washes, etc. Such treatment cannot reach the real cause, and their use alone should never be depended on to cure the disease. S. S. S. cures Catarrh by cleansing the blood of all impurities. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, purified blood is carried to all parts of the system the symptoms gradually leave, the health is improved, and S. S. S. makes a permanent cure of the trouble. Special book on Catarrh and any medical advice desired sent free to all who write.
